Singapore new product development

To: Peter Wang

Date: February 19, 1986

From: A. C. Foo

Subject: Alpine Menthol

A decision has been reached to delay the launch date to mid April instead of March.

Our initial orders (re my memo of Dec. 12) still stand but the urgency is less. Depending on time of availability of stocks, airfreighting the first order may not be necessary as we now require the stocks by first week April.

Please inform the relevant parties concerned on this revised schedule.

Regards,

A. C. Foo
